Pool Structural Design

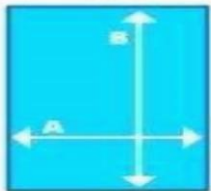

Determine Pool Volume

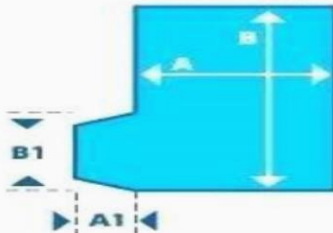

Square Pool

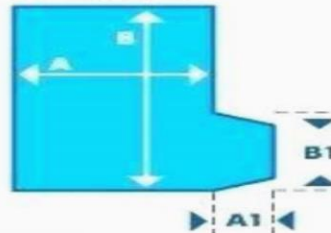

Rectangular Pool

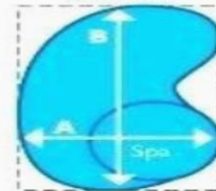

Rectangular Pool with Left Step

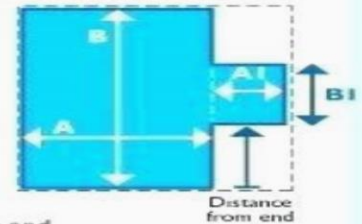

Rectangular Pool with Right Step

Spa within a Pool Area

Step not at end

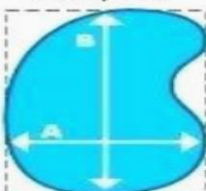

For shaped pools, treat as rectangular

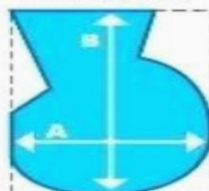

Oval Pool

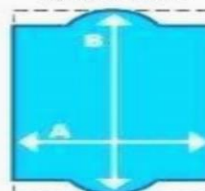

Kidney Pool

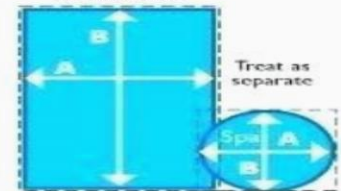

Freeform Pool

Roman Pool

Spa and Pool Area

2 Determine Average Depth → Shallow end + Deep end (divided by 2)

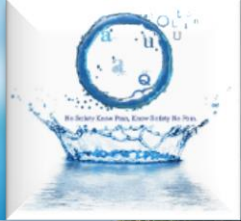

3 Pool Volume → Length x Width x Depth = Volume

4 Convert to Gallons → VOLUME x 7.48 = VOLUME IN GALLONS

Types & Designs Of Swimming Pools

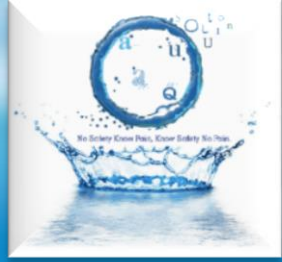

- ⊗ Above grounded pools
- ⊗ Indoor Pools
- ⊗ Infinity Pools
- ⊗ Hydrotherapy Pools
- ⊗ Sports Pools

Above Ground Pool Design

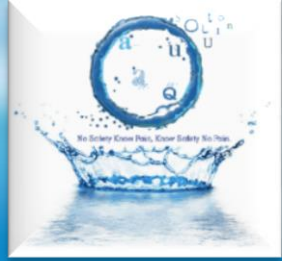

- ❑ Above ground Pools are those swimming pools which are suitable for non availability space areas in their individual places .
- ❑ These types of pools are generally above the ground level, different designs are available for above-ground swimming pools.

Indoor Pool Design

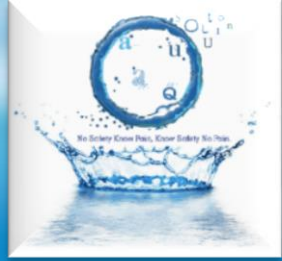

- ☐ These are the pools which are constructed under roof hence called as indoor swimming pools.
- ☐ Indoor Pools are insulated by minimum three walls.
- ☐ People built these types of pools for the purpose of swimming or training throughout the year, especially in cold climates.
- ☐ Most of the pool lovers go with the choice of indoor pools.

Sports Pool Design

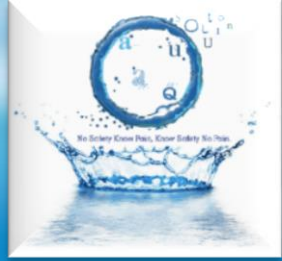

- ❑ A sports swimming pool is a long, rectangular pool that is designed for physical activity.
- ❑ Many people opt for a sports pool because the pool's shape is perfect for swimming laps. ...
- ❑ If you need we will modify a sports pool design so that it has a slightly deeper end in the middle, which can be used for slides.
- ❑ Safety. Swimming pools are a great way to teach kids how to swim and to be safe around water.
- ❑ Exercise and Health. Swimming is a great form of exercise, not just for adults, but for kids too...

Infinity Pool Design

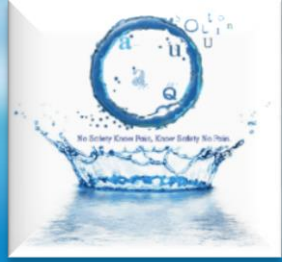

- ❑ An **infinity pool** is a reflecting or swimming pool where the water flows over one or more edges, producing a visual effect of water with no boundary.
- ❑ Such pools are often designed so that the edge appears to merge with a larger body of water such as the ocean, or with the sky.
- ❑ They are often seen at resorts, estates, and in other luxurious places.
- ❑ Infinity pools are very expensive and require extensive structural, mechanical, and architectural detailing

Hydrotherapy Pool Design

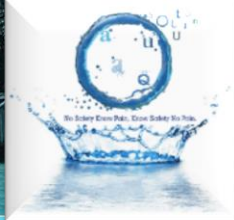

- ✿ Hydrotherapy is a form of exercise carried out in a specially heated pool.
- ✿ The water is approximately 34 degrees Celsius.
- ✿ The combination of extra heat and the buoyancy of the water provide a relaxing medium in which pain relieving exercises can be carried out and thus improve general fitness levels.
- ✿ The level of exercise can be adjusted according to the age and fitness of the client and is supervised by a trained instructor or physiotherapist.
